### THE CHRONICLE

dwindle in numbers. By periodic logging or burning, we can produce the conditions that will maintain a high deer population. However, the deer themselves may create a Malthusian scarcity. Protected populations of deer often consume the food supply of their range long before it would have disappeared naturally.

Food is the all important regulator of their numbers. Curiously, the presence of wild animals that prey on deer seems to have comparatively little effect on the size of their population. In parts of Mexico where lions and wolves are still numerous, the size of deer herds still seems to be dependent on the deer's food supply. Poor ranges support few deer; good ranges support many deer, predators notwithstanding.

In recent years biologists have studied in considerable detail how food regulates deer numbers. They have learned a great deal about the ways in which nutrition influences the deer's birth and death rates.

A female deer in perfect health is capable of producing one offspring in her first breeding season and a litter of two each year thereafter. But because of seasonal shortages of the most nutritious food, few herds in the wild approach this potential rate of increase.

As diet is the basic regulator of the deer's rate of reproduction, so also it controls their chances of survival. In cold climates winter is the critical season. A well-fed herd can easily endure cold and snow. But if food becomes scarce or poor in quality, the deer's vulnerability rises sharply. In the colder areas of North America hundreds of thousands of deer die during an average winter, and probabily millions during a severe one. The herd usually eats up all the nutritious forage early in the winter and then has to subsist on second-choice foods of low digestibility. Most of those that perish die directly of starvation. But the weakened deer also become prey to other causes of death. Even in a warm climate undernourished deer die on an epidemic scale - from parasites and disease if not from starvation.

Yet it is obvious that the amount of good forage any range can produce is limited, and therefore the number of deer it will support cannot be increased beyond a certain maximum no matter how solicitously they are protected. Indeed, too much protection may allow them to overrun their food supply and thus actually reduce their numbers in the

### TOO MANY DEER

A. STARKER LEOPOLD, Ph.D. \*

The shy deer, drifting through forest shadows and bounding over brushy hills, is blissfully ignorant of the fact that for decades it has been a subject of fierce polemics. The point of contention has been: Should the deer population be curbed or be helped to multiply? Nature lovers want more deer to look at and gunners want more of them to shoot. On the other hand, farmers, gardeners, ranchers and foresters would like to see fewer of them because they eat up too much vegetation. Government conservationists have had a difficult time trying to find a formula which would satisfy these conflicting interests.

After much research in the field, biologists are coming to the regretful conclusion that in many parts of the U. S. we have too many deer. These charming animals have a tendency to outgrow their food supply and sink into a gaunt, enfeebled existence. The ecological evidence strongly suggests that it would be best for all concerned, including the deer population

itself, if many more deer were shot. Studies of the population dynamics of deer disclose some paradoxes. Most people probably associate deer with the forest primeval, but actually they do best in lands that have been cleared and settled by man. Unlike other wild ungulates such as the bison, the caribou and the mountain goat, which tend to disappear as man disturbs their natural ranges, deer thrive on new or secondary vegetation. Their favorite foods are shrubs and young trees. In the western mountains, for example, the ranges that support the most deer are cut or burned timberlands which have grown up to wild lilac shrubs and mountain mahogany, scrub oak, willow and aspen trees. Similarly in the eastern U. S. deer favor the second-growth lands where palatable young trees grow in place of the original forest. This kind of vegetation is called "subclimax." A climax (mature) forest generally supports few deer.

It follows that a given range changes in deer-carrying capacity. After a forest has been logged or burned, the new young growth may support a large deer population for a time. But as the canopy of trees closes over again, reducing the supply of shrubs and other young vegetation, the deer

### For Better Expression

Raleigh Burroughs

It is possible that a new chapter in Turf history began with the running of the 1960 American Derby.

It was not in the department of straight race reporting. The Associated Press story was compact and accurate, and got what, when, where and how in the first-line capsule: "California-bred T. V. Lark tied the Arlington Park track record today with a smashing victory in the \$199,600 American Derby." The dateline was August 27, just as it should have been.

That is the kind of stuff you expect from a press association - correct and precise.

The beautiful lines that may mark the beginning of a step-up in the quality of racing prose were recited by Mr. John Sellers, the equestrian under whose auspices T. V. Lark performed.

Mr. Sellers delineated as follows: "T. V. Lark is one of the smoothest-running horses I've ever been on. He broke well and lay perfectly - fourth - and, when horses started coming up on the outside, I asked him to move, and he did. He just eased away when I asked him to run. This race was exactly as I had hoped it would be."

It was the best-prepared after-race speech ever delivered by a panting jockey, Obviously, the kid has a writer.

And it's about time!

Inadequate When It Counts

The "jockey quotes," on television and in the press have become an essential and colorful part of racing. It is a reflection upon the sport that too many young men considered to be versed in their profession are lamentably weak in this department. Boys who are expertjudges of pace and skilled in the use of the bat are ruining everything with inept postrace observations. If an advertising man decides he is going in for after-dinner speaking, he takes a course in elocution and picks up a few shady jokes.

Surely, racing with all its vast resources, can do something to help the journeymen who are rank apprentices as after-race orators.

Many of their declamations have been downright offensive to the lovers of classic language who peruse the Turf reports or tune in on TV. Much of the beauty of the language is lost.

Compare the fine material recited by

Mr. Sellers, with the run-o'-mill postcontest statements in the following excerpt from an actual race story (with names changed to protect the innocent). This is not hand-picked: it is typical stuff.

Boolamelitis (on the winner): My horse run a big race.

Woodshed (beaten a dirty nose): He run a big race.

Icatha (set pace, but tired): Mi caballo 'e ron mucho grande carrera.

Grammar Imperfect

Comwurst: Dis bum run a big race for a quarter.

Hatrack (on beatenfavorite): Gracious, me!

With such syntax going into the papers and being sent over the airwaves, uninformed persons are likely to get the notion that jockeys talk that way. A short conversation with Mr. Ted Atkinson, ex-rider, will prove this conclusion absolutely false.

Mr. Sellers' speech shows what a thinking rider can do if a little time is spent in preparation. If he DOESN'T actually have a writer, and dashed off the speech on the back of an old envelope on his way to the track, the scrap of paper should be acquired and preserved in the Saratoga museum.

Regardless of who wrote the script for Mr. Sellers, it is a step in the right direction. It is to be hoped that leaders of racing and the Jockeys' Guild don't let it stop there.

Even more essential to the sport than universal adoption of the Pick-Six, is more literate public reporting by riders after races.

It's all well and good for a kid to take the shortestway, rate his horse perfectly and stage an expert finish; if he is unable to describe it adequately afterward, the winning bettor goes away empty.

If Mr. Charles Hatton, distinguished reporter and columnist for the racing dailies, and who knows more words than anybody, were engaged to give the boys a course, we wouldn't have anymore of that he-run-a-big-race business.

Scholars of the Hatton school would reflect brilliance of expression that would be a credit to their profession.

Continued on Page 33

Saratoga

Only five fillies and mares (three and up) made up the field for the 22nd running of the \$35,000 added Diana, at Saratoga, on Monday, Aug. 22. The handicap stakes was run at one and one-eighth miles and the entry of R. N. Webster's Quill, which went into the race an odds-on favorite probably cut the field down by scratch

Mooring Stable's Tempted was in the race too, and soundly trounced the favored Quill, getting under the wire seven lengths in front of Mr. Webster's homebred. H.P. Headley's entry of Aesthetic and Rash Statement were third and fourth, in the above order. The 1 1/8 miles was run in 1.51 2/5 by the winner over a fast track.

Tempted is a 5-year-old chestnut mare by \*Half Crown-Enchanted Eve, by Lovely Night, bred by Christiana Stables. H. S. Clark saddled up the winner and gave jockey E. Nelson the "leg up." It was worth \$24,430. Tempted was carrying 124 pounds to Quill's 126. Careerwise, the winner now has \$318,635 in the till.

Spinaway

Seven 2-year-old fillies turned out for starter George B. Cassidy's instructions for the 69th running of The Spinaway, at Saratoga, on Wed., Aug. 24. The six furlongs scale weights stakes had a \$50,000 added purse.

A. G. Vanderbilt's Good Move put herself in the stakes class by sticking her head in front of C. V. Whitney's Honey Dear. Meadowbrook Stable's Little Tumbler was third and the highly favored Shuette, owned by Cambridge Stable, finished fourth. The time for the winner was 1.12 2/5 for the 6 furlongs, over a fast track.

Good Move is a grey filly, by Native Dancer out of Next Move, by Bull Lea. G. T. Poole trains her and Eric Guerin was the saddlesmith. The victory netted \$60, 172.50. It was the third triumph out of six starts for Good Move; she finished second one other time, in the Astoria Stakes at Aqueduct, and now has \$73, 272,50 to her credit.

Merchants & Citizens (Fri., Aug. 26)

The \$25,000 added Merchants & Citizens drew five 3-yr.-olds and upward for its 58th running. A handicap stakes, it was run at one and three-quarter miles.

Gustav Ring's \*Don Poggio won by five and three-quarters of a length from Elmendorf's Nickel Boy. He won with plenty of run in reserve. Five and three-quarters lengths further back was J. F. Gagel's Reinzi, the show horse. The fourth place horse, F. A. Clark's Hannah's Hill, was four more lengths to the rear. The winner was clocked at 2.55 4/5, for the 1 3/4

\*Don Poggio is a chestnut 4-yr.-old colt, by Los Curros-Carococha, by Baluarte, bred by Haras Martin Fierro in Argentina. S. T. Green, Jr. trained him and Sammy Boulmetis was in the irons. The winner picked up \$17,575 for his third win and first stakes victory in this country. He was a classic winner in Argentina last year and was purchased for a reported price of \$50,000. Actually he would be a three-year-old if he had waited another month to arrive. He was foaled on November of 1956.

Hopeful (Sat., Aug. 27)

Two-year-olds got a chance to display their talents at level weights of 122 pounds against Patrice Jacobs' Hail to Reason in the 56th running of the six and one-half furlongs, \$75,000 added Hopeful, at Saratoga. It produced a field of eleven and Hail to Reason made a shambles of the event by finishing ten lengths in front with plenty of speed in reserve, and setting a new

### THE CHRONICLE

track record of 1.16 for the 61/2 furlongs. F. A. Sherman's Bronzerullah was second; C. V. Whitney's Chinchilla, 3rd; and R. Lehman's Ambiopoise, fourth.

Hail to Reason is a brown son of \*Turn-to-Nothirdchance, by Blue Swords, bred by the Bieber-Jacobs Stables. Bobby Ussery had the free-wheeling ride and Hirsch Jacobs, the training chore, The net value to the winner was \$76,602.50. Hail to Reason has now started 17 times this year, has eight victories, two seconds, and two thirds, for a total of \$246,642.

Atlantic City

Handicap runners got their chance to go a mile and one-half over turf at Atlantic City on Wed., Aug. 24. Thirteen three or older horses put a bead on the \$20,000 added money in the handicap stakes.

Jockey Bill Hartack got the "leg up" on the highweight and favorite, Windfields Farm's \*Stratus. Everything went according to the plans of handicapper James P. Ross, Jr.; jockey Hartack's schedule; and the majority of the bettors' judgment, \*Stratus was last at the start, improved his position to fourth at the mile and second after one and one-quarter of a mile, took the lead in the stretch, and won in a clever fashion, by a head, over Chasmar Stud Farm's \*Up and Coming IL Beacon Stable's \*Hindu Festival was third, and J. S. Burrow's Dirce, fourth, Mr. Burrow is the Middleburg, Va., owner-trainer who campaigned a two horse stable successfully last year. The time was 2,284/5 over a firm track. It was a new track record for the mile and one-half over turf.

\*Stratus is a chestnut 4-year-old colt, by Nimbus-Straight Offer, by Straight Deal, bred by Miss Dorothy Paget in Ireland, Horatio A, Luro is the trainer. The net value to the winner was \$13,904. It was his second victory in six starts for the year. His previous win was in the Sussex Turf Handicap at Delaware Park in July. He lost another race this year through a disqualificiation for swerving in at Belmont in June.

Miss America Turf Handicap

Nine fillies and mares, three years and upward, went to the post in the 8th running of Atlantic City's Miss America Turf Handicap, on Sat., Aug. 27. The purse was \$25,000 added for a one and one-sixteenth miles run.

Bohemia Stable's (Mrs. Richard C. duPont) \*Soldadesca scored a half-length triumph over the pace setting \*Loyal Lady II, owned by Harbor View Farm. L. J. Krakower's Geechee Lou was third and F. W. Hooper's Confuse, fourth, The time for the 1 1/16 miles was 1.43 over a firm

\*Soldadesca is a bay 5-year-old mare, by Timor-Sofisma, by Full Sale, bred in Argentina, by the Haras El Turf. C. H. Hanford trains her and A. Chambers had the ride. The net for the victory was \$18,501.50. It was her second victory out

### Steeplechasing at Saratoga

John E. Cooper

Featured infield event of the final week at Saratoga was the \$10,000 added Lovely Night Handicap at two miles and a sixteenth over 12 flights of hurdles. Riding one of the best finishes of his career, Tommy Walsh drove Charkitt Stable's Little Gil, light weight of the field (133 lbs.), up to the wire a neck in front of G. H. (Pete) Bostwick's Tuscarora. It was ten lengths back to \*Kandy-Sugar for third, with the pace setting Be Moderate lasting for fourth after slipping on the turn coming into the stretch, and all but coming down.

### Seven Starters

Seven well matched horses went postward in the eighth running of the race, named for F. Ambrose Clark's flat and hurdle campaigner of some years ago. The starting top weight was Montpelier's Nala with 152 lbs., held at 6 to 5 favoritism because of a very easy win the opening day of the meeting. Off to an even start, Be Moderate (140) went out to set the

pace, with Walsh on the eventual winner tightly snugging his horse in second place. Nala, Versus (146 lbs.), Tuscarora (143 lbs.), \*Kandy-Sugar (149 lbs.) and Be a Honey (146 lbs.), the Midsummer winner followed in that order. The latter got in pretty deep at the fence at the clubhouse turn, jumped indifferently from that point on, and was never a serious contender. Out in front Be Moderate set the pace under sufferance with Little Gil under wraps for a complete tour of the course and into the far side the second time. Except for Be a Honey, the race was still an open one down the far side the last time. Cartwright on Tuscarora gradually worked his way forward to reach a striking position going to the far turn, and at this juncture Little Gil went to the front, with the Bostwickhorse right alongside. Be Moderate, although still very much in contention, was unable to match the speed of the first two, and they drew off. Little Gil on the inside, Tuscarora

on the outside. The latter appeared equal to taking command at this point, but Cartwright waited until straightening out for the second last fence before he asked his mount. With the inside position, Walsh nursed his horse around the turn, saving ground and then spurted to the front approaching the penultimate hurdle. From that point to the wire, it was life and death for both horses and riders.

While not deprecating Cartwright's finish, seldom has this observer seen a more determined slashing, whip, hands and heels finish than Tommy Walsh put in on Little Gil. Between the last fence and the wire Tuscarora appeared to be getting to the Charkitt horse, and ever so briefly might have had his nose in front, but a hundred yards from home, the Little Gil spurted into about a half length lead, and while Tuscarora was again getting to him in the last few strides, Walsh and Little Gil drove under the wire by a neck mid the cheers of the handful who had backed him at 15 to 1. Overlooked by many, behind the embattled pair, Be Moderate came around the final turn, a certain third, until he slipped on the turn, almost went down, and somehow or other jumped the last two fences when obviously in distress. Slowing down to a schooling rate on the flat, he was overtaken by \*Kandy-Sugar for third place, finishing eight lengths behind that one, and another . five in front of Nala, which randisappoint-

Continued from Page 5

ingly, and while a contender for minor honors, ruined that chance by a bobble at the tenth hurdle.

Little Gil, a four-year-old entire son of the stakes winner, \*Brown King, out of Amber Star by Stardust, ran the two miles and a sixteenth in 3:45 4/5 over a hard course, just four ticks off the 1960 mark set by Tuscarora in the National Hurdle. He previously had accounted for the Monmouth Park edition of the latter. and had run well up on two previous occasions, but the Lovely Night was by any standard, his most accomplished race to

### \*Chufquen Wins

Earlier in the week, Mrs. June Mc-Knight's \*Chufquen captured a mile and three quarter hurdle event under claiming conditions. \*Chufquen is the Chilean-bred gelding which was imported into this country in 1958 after winning a series of jumping races in his native land, including one with weight in excess of 200 lbs. On Monday, he was ridden by Paddy Smithwick who held him off the pace, first set by his stablemate. Prince Nam, and then Rythmn Master. Moving into a striking position going to the far turn, \*Chufquen responded willingly, engaged Rythmn Master through the stretch and then won going away. Ten lengths back, Auriate followed Rythmn Master across the wire to be third with Black East fourth. In this race, Mrs. W. R. Harris' Bee Off broke down in the running and was reported destroyed.

A field of six three-year-olds went the same course on Tuesday, and until the last quarter it appeared that Happy Lion with Scottie Riles would be the winner. Racing for Mrs. Walter F. Wickes, Jr., Happy Lion vied with Cannibal for the lead finally putting that one away after going a turn of the course. Racing into the back stretch the second time Happy Lion opened up, and midway down led by about four lengths. Sky's Rhythm and Mr. Fair were second and third on even terms. Going to the last hurdle on the far side, Happy Lion swerved to the outside and lost his advantage as Sky's Rhythm jumped straight and raced for the turn. However, Riles got his mount collected and quickly ranged up close to Sky's Rhythm, put that one in close quarters on the rail, and then raced on to a daylight lead on the rail. Walsh, after being forced to take up slightly, strongly roused his mount, engaged Happy Lion rounding the stretch and went into command going to the last hurdle. Drawing away from his rival, the Mrs. M. G. Walsh hurdler went on to win by five lengths. Happy Lion was easily second best, after Mr. Fair dropped back around the final turn. The fourth horse, G. H. Bostwick's Adams Run, went well

for about a turn of the field, but showed little in the last half.

On Wednesday seven older hurdlers went two miles and a sixteenth and provided a thrilling race, although a controversial claim of foul left a few doubts as to the best horse. Breaking from an even start, the field raced for the first jump with Elwood Carter gunning Barco Dumanian's No Lady to the front, a position she held for just about a turn of the field. Going to the jump at the clubhouse turn the second time, horses ranged up on either side of the tiring mare and went by her. At this fence, Out of Reach, a recent purchase for the account of Mrs. Henry Obre, made a mistake, and gave his rider, Evan Jackson a hard time as the saddle slipped and almost caused him to lose his seat. Rounding into the far side Mystical Gem with Eddie Deveau established a narrow lead with \*Lickety Split 2nd, Hill Tie and December in close contention a length or two away. Over the far side hurdles these four closed up, and at the last all were on even terms. Racing for the turn, Paddy Smithwick on Hill Tie was on the inside, \*Lickety Split 2nd with Tommy Walsh was next, then Deveau on Mystical Gem and finally Jimmy Murphy on the outside with December. Running head and head at the beginning of the turn, these four were in very tight, and midway around, Smithwick on the inside was

### CALIFORNIA

DEL MAR SALES

The 21st Annual California Thoroughbred Breeders Association Sales, and the Seventh Annual Sale of Selected Yearlings, by the Fasig-Tipton Company and the CTBA, were held in Bing Crosby Hall at the SanDiego County Fair Grounds, near Del Mar.

California breeders recorded their best sale with 115 head bringing a total of \$780,400 for an average of \$6,786. This was \$716 over last year's average when 101 head brought \$613,000.

Topping the two-day sale (Aug. 22-23) was Hip No. 90, a chestnut colt by Never Say Die out of \*Orizana, by Tenerani, consigned by Peter McBean. The youngster was purchased by Thomas A. Miller, a Pittsburg, Pa., mortgage broker, who has a summer home in La Jolla, California. Mr. Miller outbid Harry Daniels, who was acting as agent for the Murcain-Byars stable, and Humphrey Finney representing a New York syndicate.

### KENTUCKY

HILLSDALE TO HANCOCK

A. B. Hancock, Jr., of Claiborne Farm, Paris, Ky., reports that C. W. Smith will stand his great race horse Hillsdale (Take Away-Johann, by Johnstown) at Claiborne during 1961 at a fee of \$3,500. Hillsdale has passed satisfactory fertility tests since being moved to Mr. Hancock's. READY

When B. J. Harmon's Royalben trotted out to the track for his first start at Arlington Park on August 9th, the betting public installed him as the favorite. The 2-year-old colt won "big". He got a two length lead at the quarter, increased it to five at the half, seven in the stretch, and was ridden out to a six length victory, by jockey W. W. Cook, in the six furlongs maiden race.

The light brown colt is by Royal Note, a Spy Song Horse, out of Every Bride, by \*St. Brideaux. W. J. Walden and Son of Shadowlawn Farm, Midway, Ky. bred the winner. Agent Doug Davis purchased the colt at Keeneland last year for \$8,800. He brought back \$2,275 of his investment in his first effort.

#### KEENELAND FALL SALES

A record number of 770 head have been entered in the Keeneland Fall sale of yearlings, to be conducted September 19-23 by the Breeders' Sales Company.

The previous record entry list of 762 youngsters was established last year.

Three-hundred eighty-two colts and 388 fillies now are being cataloged for the five-day, ten-session auction.

While the 1958 and 1959 autumn yearling sales coincided with the Keeneland Race Course October meetings, this year's vendue was moved to September by the Breeders' Sales Company Board of Directors primarily in the "best interest of the buyers".

The 1958 vendue took place during a nine-day period, while last year's sale was held over a twelve-day period.

"This year's five-day sale," concluded the directors, "will be much more convenient for all concerned."

The Kingston Farm of the Penn Brothers has the largest consignment with 35 horses entered. Hurstland Farm will sell 19 yearlings, 16 as agent. Harmony Landing Farm will sell 16; Thomas Piatt, 16, two of them in partnership, and Mrs. Jack Howard, agent for Mrs. Joe W. Brown, twelve.

Creekview Farm will offer 11 Yearlings as will Palmeadow Stock Farm, two as agent.

With ten youngsters each are William S. Caldwell; Leslie Combs II; Karsland Farm, including two as agent; and Don R. Hardesty.

In the category of nine yearlings are consignors Lucas B. Combs, Darby Dan Farm, Scott G. Miller, Jr., and William D. Fishback, High View Stock Farm, and Idle Hour Farms and Fairlawn Farms.

Last year, 727 yearlings at Keeneland's fall auction brought \$1,832,300, averaging \$2,520.

AMERICAN BRED IUVENILE WINS

Bought at last year's Keeneland Summer Sales by Humphrey S. Finney on behalf of the late Aly Khan, the two-year-old Eblouissante made an impressive first racecourse appearance when winning the 1332 pounds St Hugh's Stakes over five furlongs at Newbury by a head from Mythical Return, a winner of three previous races, from whom she was receiving 9 lb. This was the race won last year by \*Be Cautious before she was sold to the U.S.A.

Some way behind in the early stages, Piggott switched Eblouissante to the outside at the two furlong marker and she gradually got the better of a driving finish.

Sold by the Windermere Farm for \$5,000, Eblouissante is by Bolero out of the \*Sir Gallahad III mare Graciously who is a half-sister to Segula, the dam of the mighty Nashua. P.T-C.

### Chronicle Cover

One of the best race horses of modern times, Tom Fool was the champion two-year-old of 1951; a leading three-year-old the next season; and undefeated handicap champion and "Horse of the Year" at four. He has become the country's most successful young sire, ranking seventh on the sire list in both 1958 and '59, although his first foals reached the races only in '57.

With such an illustrious record, his syndication for the record figure of \$1,750,000 does not seem out of line.

Bred by Duval A. Headley, the bay half brother, by Menow, to the champion two-year-old filly Aunt Jinny was sold privately for a reported \$40,000 to Greentree Stable in April of his yearling season. He was trained by John A. Gaver.

The colt won five of his seven juvenile starts and was second on the other two occasions to head the Experimental Free Handicap. His victories that year included the Sanford, Grand Union Hotel and East View Stakes, and Belmont Futurity. Illness kept him out of the spring classics the next season; but in the latter half of the year he proved his rank with the best of the generation through triumphs in the Wilson, Jerome and Sysonby Miles, Grey Lag and Empire City Handicaps, At four he was unbeaten in 10 appearances, including the Metropolitan Mile, Suburban, Carter and Brooklyn Handicaps, Whitney Stakes, Pimlico Special, and second runnings of both the Wilson and the Sysonby. In the Carter he equaled the Aqueduct seven-furlong record of 1:2 under 135 pounds.

Altogether in 30 starts he won 21 races, ran second seven times, and finished once third and once fourth to collect \$570,165.

Standing at Greentree Farm, Lexington, Ky., he sired in his first crop the Belmont Futurity winner Jester; and Tim Tam, champion three-year-old of 1958 with victories in the Flamingo and Preakness Stakes, Florida and Kentucky Derbies. Tom Fool's second group of foa,4s included Dunce, victor in the Arlington Classic and American Derby. The Greentree stallion's third crop encompassed his second Futurity scorer, Weatherwise, and Tompion. F.T.P.

### FLORIDA

INDIAN MAID'S DAM IN FOAL TO CORRELATION

Bold Verse, property of Elmer Heubeck, Ocala, Fla., and dam of the crack 4-year-old stake mare Indian Maid, is one of the 26 mares in foal to syndicate owned Correlation this year from a book of 28 mares. This is the third season in stud for one of the best members of the unusually good crop of 1954 3-year-olds. Correlation's first get are due to race in 1961.

At previous Keeneland Fall Sales, many yearlings have been sold for modest amounts and gone on to earn substantial winnings. Among our "bargain" yearlings are the horses listed here.

General Manager

GEORGE SWINEBROAD Exec. Vice-President

#### EBOR FOR WHITNEY

On his birthday, Ambassador J. H. Whitney saw his 5-year-old Persian Road (Persian Gulf-One for the Road) win a thrilling race for the 1 3/4 miles Ebor Handicap at York against twenty rivals. Carrying sixth top weight of 116 lb, he lay almost last turning into the straight with 4 1/2 furlongs to go and then came with a great run to break through inside the final hundred yards and win by half a length from Water Wings (111 lb.), who had run second in the same race twelve months ago, with New Brig (120 lb.) a further three-quarters of a length away. The winner's price was 18-1.

Bought as a yearling for 1850 guineas, Persian Road has now won seven races worth 18,050 pounds, of which 10,237 pounds came in from his Ebor win, P.T-C.

#### WINNER FOR MELLON

A second success for an American owner on "Ebor Day" at York was achieved in the last race of the afternoon when Paul Mellon's home-bred Goose Creek (Requested-Virginia Water) took the six fullongs Wykeham Handicap for three-year-olds in a field of 21, starting at 14-1.

Drawing well clear of the rest of the field, Goose Creek and the filly Eternal Goddess engaged in a terrific struggle five lengths ahead of the remainder before the American-bred got the better of it by a neck. A winner twice at two, Goose Creek was scoring his first success of the present season.

P.T-C.

### PERMISSIVE MEDICATIONS

At the annual meeting of the National Directors of the Horsemen's Benevolent and Protective Association, a declaration was passed to be used as a basis of a petition to be placed before the National Association of State Racing Commissioners asking that horsemen be furnished with a list of permissive medication for use in the training of their horses.

SARATOGA SPRINGS, N. Y. - Cain Hoy Stable's homebred filly MAKE SAIL, winner of the 80th running of the \$50,000 Alabama Stakes, leads the field under the wire before the largest crowd since 1958 at the nation's oldest track. Ridden by Manuel Ycaza, MAKE SAIL came from away back to score in the mile and one-quarter classic. (Cragin Photo)

### ST PADDY WINS VOLTIGEUR STAKES

Derby winner St Paddy, who had subsequently been beaten by Kipling in the Gordon Stakes at Goodwood, had his final St Leger preliminary against three rivals in York's valuable Great Voltigeur Stakes over a mile and a half. Opposed by only three rivals, St Paddy started at 11-4 on and duly beat Apostle (who does not hold the Classic engagement) by three-quarters of a length. At the one furlong marker, it appeared that the Derby winner might be beaten as Apostle ranged up alongside him, but then St Paddy ran on to clinch the issue.

His trainer Noel Murless stated that he was fully satisfied with the performance. St Paddy certainly ran on gamely when tackled, but it would have been reasonable to expect a Derby winner to have toyed with a horse of the quality of Apostle, who at best is probably only a good handicapper, and the result appears to confirm the belief that this year's Derby field was not a good one.

By his victory, St Paddy became the first member of the Derby field to win a subsequent race in two and a half months.

P.T-C.

### SARATOGA NOT LIABILITY

Addressing 150 legislators and other political figures who were guests of the Saratoga track during the running of the recent Bernard Baruch Stakes, John W. Hanes, chairman of the Board of Trustees of the New York Racing Association, pointed out that the 24 conflict free days of racing at this track did not represent a loss of revenue to the State of New York, since the NYRA has recently added more than 24 days to the total New York racing year.

#### SAM HORDERN

Sam Hordern, one of the directors for the King Ranch (Australia) Ltd. and Associated Stations Ltd., was killed in an automobile smashup last week. The ill fated sportsman, who was President of the Royal Agricultural Society of New South Wales, was mainly responsible for the introduction of the King Ranch Santa Gertrudis cattle and the Running W Quarter horses.

The late Hordern, at his headquarters, Retford Park, Bowral, bred cattle, sheep, ponies, pigs, dogs, pheasants and Thoroughbred horses. He was outstanding in many ways and had a controlling interest in one of Australia's finest stations, Yulgilbar. The King Ranch recently acquired his Bowral place.

One of the most important figures in racing in Australia, Hordern, the third of his line in Australia, was a committeeman of the Australian Jockey Club, and was active in forming groups to develop racing and breeding Thoroughbreds. B.B.

### "LIMITED"

I just got a press release from Rockingham Park which says, "Governor Wesley Powell was on hand Wednesday to see Tony DeSpirito return to form with a riding triple." Tony is still accepting mounts on a limited basis."

What's so "limited" about three winners in one day? R. J. Clark

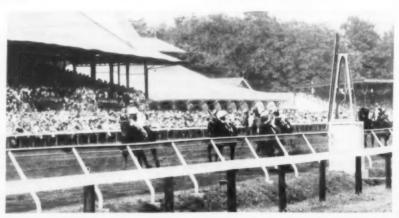

### TEXAS VISIT

Former Texan, Clyde H. Smith, now living at Harrisburg, Pa. where he owns Glenn Acres farm on Devonshire Road, paid a visit to his former headquarters here in Fort Worth. Smith, who has had Thoroughbreds for a long time, said Danny Shea, Jr., has some horses in training for him and that he hoped to win some good races.

B.B.

### NEW JERSEY HOME-BRED PURSES

Excluding the New Jersey Futurity, which grossed \$26,230, home-bred purses totalled \$26,500 for the first 40 days of the Monmouth Meeting.

### Friday, September 2, 1960

FORMER STEEPLECHASE RIDER

Bill Balzaretti, who started training this spring and saddled 7 winners at the recent Monmouth Meeting, is a former jockey who rode steeplechasers as well as flat horses with considerable success.

NATIONAL MUSEUM HALL OF FAME Walter M. Jeffords, president of the National Museum of Racing, has announced new elections to the Hall of Fame. These include the horses Native Dancer and Tom Fool, the jockey Ralph Neves and the trainer Willie Molter.

### MEXICAN RACING DISPUTES

While rebel horsemen still are at odds with the Hipodromo de las Americas track management, (the malcontents now number 80) the track is going ahead with improvement plans.

George Martin, Jr., arrived here to oversee amplification of the Hipodromo track from Laurel, Maryland. After study of the local oval, Martin is expected to come up with recommendations that will be immediately put into force.

But dissenting horsemen have put across two points: (1) the prohibition of importation of Thoroughbred horseflesh on large scale, as had been case in past, as a "proteccionist" movement for Mexican improvers of the breed; and (2) Secretary of State Gustavo Diaz Ordaz now has in his hands the complete story of problems which have horsemen up in arms. This formal document carries more than 100 signatures of men associated with leading national racing stables.

While the matter has not been resolved as yet, it is learned that some American racing stables down here for the season have packed up and gone home "voluntarily," including B. Tyler of Kentucky and Lou Ellis of Maryland.

Horsemen make the point that "since the local track offers a spectacle for Mexicans it should be managed by Mexicans," this being an indirect attack on Deborah Rood Morrison, actual operator of the track, an American.

The Mexican Horsemens Association, in a protest to the National Racing Commission, asks that its track offices be reinstated and returned to the organization. At the same time, the Association gave a balance sheet of its "soundness" showing that assets have grown from 427, 907.68 pesos (\$36,232.61 dollars) in December, 1958 when current management took over, to a healthy 1,107,884.75 pesos (\$88,560.72) today. E.Z.

### RACE TRACK IN ISRAEL

According to A. Tzur, of the Gordon Riding Academy, situated in a suburb of Tel Aviv, Leco Eshkol, Israel's Minister of Finance, has "displayed a favorable attitude" toward the construction of a \$1,000,000 one-mile race track to be built south of the capital city.

#### SARATOGA RESOLUTION

At a recent meeting of the Board of Trustees of the New York Racing Association the following resolution was passed unanimously: "Saratoga has for decades provided the natural setting and fine racing conditions which have attracted the country's top horses and most substantial leaders of the sport each year for the month of August, It has become an international landmark and a respected symbol of the finest traditions of American racing. This board unanimously resolves that henceforth Saratoga be characterized as 'the capitol of Thoroughbred racing' and therefore it will always remain an integral part of the New York Racing Association."

IN THE CLUBHOUSE AT SARATOGA - (Top) - Joan Bennett and her daughter, Shelley Wanger, at the Saratoga Springs, N. Y., famed race track. Miss Bennett has been starring at the Saratoga Spa Summer Theater. (Cragin Photo) (Bottom): Mrs. M. E. Person, owner of Llangollen Farm, Upperville, Va., and her trainer, Charles Whittingham, at Saratoga.

(Burns Brothers Photo)

#### MONMOUTH SWIMMING

The Del Mar Race Track in California is, as Bing Crosby says, only a good brassie shot from the ocean. Consequently, the track personnel can sneak off for a quick dip in the surf from time to time which I should think makes working at Del Mar rather a pleasant thing. I know for sure that going racing there is a pleasant thing. Some of the horses at Del Mar go swimming in the surf too. It is felt to be good for their legs.

Down in Caracas, there is a huge and very elaborate new race track. It is reported to have a swimming pool for the horses, the idea being that aquatic activities have therapeutic values for the animals.

Well, this swimming bit is really catching on. This year, Monmouth Park has its own swimming pool for the jockeys. Since Monmouth is a little more than a brassie shot from the other ocean, the management apparently figured they would move the swimming facilities to the track - Mohammed and the mountain sort of deal.

The Monmouth pool is a regulation 25-metre one with six lanes marked for competition and one- and three-metre diving boards. During the times when there is no racing at Monmouth, the pool will be used for Amateur Athletic Union swimming and diving meets.

In addition to the swimming pool at Monmouth, the jockeys have shuffleboard, billiards, TV, and a snack bar in their quarters.

So who needs a vacation?

Now, how about the cash customers? R. J. Clark

### MICHIGAN JOINT RESEARCH

Under the sponsorship of the Michigan Thoroughbred Breeders and Owners Association, Michigan State University is undertaking an equine research project entitled "A Study of Joints and Joint Fluid in Normal and Diseased States". The study is under the supervision of R. W. Van Peit, D. V. M.

### WINNIPEG STAGES POWDER PUFF DERBY

Manitoba's first Powder Puff Derby, open to jockeys from the fair sex and held a while back at Assiniboia Downs, was conceded to be an unqualified success, especially for laughs. The Derby was the brainchild of Downs general manager A.G. 'Scotty' Kennedy, who has high hopes the affair will become an annual event.

The eight ladies who rode in the Powder Puff were all experienced riders and all had mounts from stables registered at the Downs and all wore owners' silks. For about 10 muscle-pulling days prior to the 5-furlong race, the female jockeys had been getting instructions and practising the unfamiliar, to most, jockey seat. One veteran horsewoman summed it up this way: "I'm aching in muscles I didn't even know I had." E.O.

### **A Famous Hunting Parson**

Ernest E. Hutton

Although it is almost a century ago since "dark, grim" John Bower died, he is not forgotten in Holderness. One writer of many years ago describes him as "that incomparable Lord Paramount and Hero of the Chase, who was without exception the very grandest horseman I ever saw cross a country at the tail of the flying hounds". Another who knew him and hunted with him for some years says, "Mr. Bower was tall and thin, with black beard and very dark complection. His hunting dress never varied and was rather peculiar. He wore an ordinary black coat and waistcoat, grey trousers (never cut like breeches) and long jack boots. Round his neck a dark blue, spotted muffler was tied and over all a thin, dark overcoat. He was the finest horseman I ever saw in my life, without an atom of humbug about him. His hands were superlatively fine, and his seat exceptionally firm and

No one could beat Mr. John Bower on his chestnut Marquis, or in fact upon anything made or unmade, even when at last he could hardly hold the reins. One of the finest proofs of his horsemanship was in a very peculiar run from Gransmoor, after a poacher with a lurcher. His horse stuck fast in Barmston drain, and was utterly exhausted when he got him out. He then hailed some ploughmen and asked them if they had seen a man, and learnt that one had just fastened a dog to a gate, and run off, "Can any one of your horses get over a fence?" said he, and hardly waiting for a reply, and feeling sure of his friend Duggleby, the owner, he jumped on a raw young 4-year-old, bare backed, with chains and collar, just as it was, and loosing the dog to run the scent, handed the filly over the fences, to the utter astonishment of herself and the ploughmen, and ran into his game five or six fields beyond.

The Masters of Foxhounds Association of America
The American Foxhound Club
The National Beagle Club

### FRIDAY, SEPTEMBER 9th, 1960

On the Grounds of the Radnor Hunt, Malvern, Pa.

Luncheon at the Club for members of the American Foxhound Club. Take him for all in all, I never saw a man who could ride a rough, unbroken four or 5-year-old colt across country as he did, and by sheer strength of will and dexterity of hand, see as much of the run as any of his rich neighbors mounted on 4 and 5 hundred guinea hunters. No man in the field, whether it was "a customer" like the Earl of Cardigan on a thousand guinea hunter, or some cutting down stranger from the Bramham Moor, York and Ainsty, or Badsworth, could get out of grim John Bower's company, even if he was able to live with him at all.

The Rev. John William Bower, Rector of Barmston, in Holderness, was born in 1800, the son of Major Bower of Welham, almost opposite John Scott's training place at Whitewall, near Malton. He married a lady whose hunting proclivities were, if the blood in her veins could affect them, as pronounced as his own, seeing she was a sister of Mr. James Hall of Scorborough

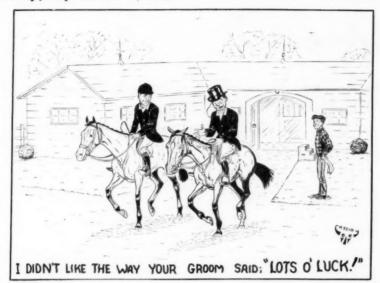

Rev. John Bower - from the scrapbook of the Rev. Cecil Legard.

Hall, who was Master of the Holderness Hounds for nearly 40 years, and whose daughter married another famous hunting parson, the Rev. Cecil Legard; what a combination of hunting blood.

John Bower was paralyzed during the last year or two of his life and had to be wheeled about in a bath chair. He died in 1859. The photograph was taken about a year before his death.

### PURCHASES SHOW HORSE

Mr. Vernon G. Cardy was accompanied by Mrs. Cardy at the Saratoga Sales where they purchased the show horse Billings. He was acquired from Michael F. Wettach, New York, and will be sent to the Cardy-Alpine Inn Stables at Ste. Marguerite Station, P. Q., Can., where he will be prepared for the Horse Shows and Fox Hunting this fall and winter.

# Thoughts On British Hunting

Harry Nicholas

**English Hunting Countries** 

There is hunting all over England and as each hunt is different, my comments pertain only to the countries I saw.

Barring an occasional sheep trough, iron bed springs, or steel bars, the jumping consisted of stone walls, gates (mostly wooden), hedges and timber. Few stone walls and gates had ditches wide enough to worry about, but everything else had a ditch of various size and shape one side or other. Timber consists primarily of sapling crossbars nailed to sapling uprights used as a barricade for cattle in openings in the hedges. It is not at all like our post and rail. The cross saplings are numerous with many upright posts and almost always a ditch. These posts are often close together and, being higher than the cross pieces, stick up in a lethal fashion, A "cut and laid" hedge is one where cuttings are laced into a hedge. The latter does keep stock in, is fun to jump, but tedious and expensive to maintain for the land owner.

Wire is the most discussed, most feared, and most cursed item in English hunting. Until the First World War there was little. Gradually it has spread all over. It is more of a menace than in the United States, "Paneling," as we know it, is very difficult due to the small enclosures; wire is the cheapest and quickest method to hold stock; there are laws that compel farmers with registered herds to maintain wire three feet in front of their boundary lines; and wheat and legumes have become necessary crops that must be isolated by wire. Prior to the war need for raising food at home the good hunting countries were all pasture and it made little difference where cattle

strayed.

Barring complete removal of wire from every hedge, ditch and timber there is no solution. Some hunts have tried to remove some wire and relay it. Costs are staggering when one considers the size of one hunt's country may be thirty by forty miles. There is also a belief that, once a hunt attempts to remove and replace wire, farmers give up the initiative and leave it to the hunt, causing more and

more wire with ever increasing removal costs. I heard an American lady ask an M.F.H. "You have so much country, why not hunt over a bit and remove wire there only?" The answer was that if hounds do not hunt all of their country, landowners will have to shoot the foxes; thus beginning a general eradication which would end the sport.

It is a British tradition to go as hounds go; so with this irresistable force facing the seemingly immovable object of wire, what did I find that makes fox hunting at all possible? Farmers prefer hounds rather than the gun to keep the fox population under control. As a result most farmers do welcome the hunt and do make some effort to keep their enclosure boundaries penetrable by a system of gates, laying wire as close as possible to the hedge, removing wire from in front of some timber and hedges, and not putting wire along the hedges that can hold stock. They do try to cooperate with the hunt, particularly as most are born sportsmen who like to hear and see hounds kill their fox. Hunting people under their Master's guidance do close gates, do try to aid a farmer to remove wire, do maintain cut and laid hedges, do build timber fencing, do repair broken places, and do replace cut or removed wire. The hunts do respect the land owner's wishes as to wheat, new planting and pastures by riding on roads, staying on sides of fields,

MISS CALGARY STAMPEDE

Attractive 21-year-old Margot Turney was chosen this year's Stampede Queen at Calgary's famous annual outdoor show. This year's queen is an accomplished horsewoman and no newcomer in the equestrian world. A statuesque hazeleyed brunette, Miss Turney began riding at the age of three, and by the time she was seven began competing in local horse shows. She is a member of the local light horse association and a number of the other riding groups.

Several years ago she attended the Three Wise Students finishing school in London, England. While there she won several trophies and medals for her equestrian abilities. During her London stay, she was also presented to Queen Elizabeth as one of the Canadian debutantes for that year. In addition to her horsemanship, Miss Turney is also an accomplished skier and amateur little theatre actress.

These are the genuine Red Leathers originally produced by Gibson's parent firm Distas Ltd., of England some 30 years ago. The secret of their great strength (without bulk) is the vegetable tanning of the buffalo leather which is immeasurably stronger than cowhide. There are many inferior imitations but the original leathers are stamped with the Gibson name and are exclusive with Miller's in the U.S.

Gibson Red Leathers should have a life of over 25 years and we GUARANTEE THEM UNBREAK-ABLE FOR FIVE YEARS. Gibson Red Leathers are extremely soft and pliable and because of their remarkable strength do not have to be thick and heavy.

### GIBSON HAS NEVER HAD A PAIR BREAK!

123 EAST 24 ST. **NEW YORK 10** DEPT. CG-3

Please send me pair(s) as marked below.
I enclose Bill my account
□ 1" width, Pair
NOTE: Because of their strength you may use Gibson Red Leathers in narrower width than usual.

For further information, enrollment, and travel arrangements, contact: Mrs. Doreen Badell. 61-55 Ninety-Eighth Street, Rego Park 74, New York, Tel: BRowning 5-2271.

### Colorado Springs Jr. League

The Colorado Springs Junior League's 23rd annual was its first under Regular Show membership and the changeover from Local membership was hardly noticeable, except in the Green Hunters where several old veterans turned up.

One of the most pleasing classes was the Parent and Child which brought out several riding papas as well as mamas. Earl Morris was resplendent in pink and he and daughter Nancy were awarded the blues over the very pretty mother-daughter team of the Guys. Each of the seven entries had merit and charm and it was a tough one to judge.

Kathleen Morris had a nearly clean sweep through the Intermediate Riders under 14 and won't have any trouble holding her own as an Advanced Rider now, She garnered the most points among the junior riders to win the championship, closely followed by Anne Crockett and Jan Karabin, the high point winners in their divisions.

Karen Phipps gigantic Ikarus took the jumping honors. Fieldgoal, owned by J. B. Chambers and shown by his daughter Marynelle Philpott was way out in front in the Conformation Hunter Division to win the Combination Championship.

One bad accident marred the show when Suzanne Tamblyn's Stardust failed to clear a fence on the hunter course and gave his rider a bad fall. Suzanne was taken to the hospital with a concussion and broken arm, leaving younger brother Gary to claim the Arapahoe Hunt Secretary's Challenge Cup for her, which she had earned through a previous win. The Cup will be at home at the Tamblyns - father Harold Tamblyn won it last year on his qualified hunter Rocket.

JACK PRESTAGE DAY AT THE BETHLEHEM, CONN., HORSE SHOW - The Tally-Ho was driven around the ring several times then Mr. Prestage was presented with gifts. He was the hunter judge of the day. The following were guests aboard the Tally-Ho: Frederick Hasler, Sherman P. Haight, Sr., Dr. H. B. Risley, Dr. M. Heminway Merriman, W. Smith, Thomas Campbell, Miss Mary Hodson, Fred Sills, J. Murphy, Edward Drever, Miss Mary C. Picard, Mrs. Joel Butler, Raymond Strobacker, driving, Henry Hoppe trumpeter. Mr. Prestage is second from right in the front row.

### King George

Entries owned by Mr. and Mrs. C. F. Blair dominated the Hunter and Jumper Divisions at the King George, Va. Horse Show, taking the top honors in three Divisions. Diminutive Mrs. Jackie Blair rode all of their entries, for an extremely active weekend.

There were plenty of good ponies at this show too. Small-Pony Hunter Champion was the attractive little Johnny Dark. owned by C. F. Mills and ridden as usual by Donnie Jett. The equally hard to beat Cracker, owned by T. E. Skidmore and ridden by Sandra Sevier, was Large Pony Hunter Champion.

This was a "first attempt" Horse Show for the King George contingent and the Committee rates a large hand for their efforts. The trophies were exceptionally nice and the program gave a wide variety of Hunter and Jumper classes.

Courses were varied, which added greatly to the interest, but constant changing of the courses by an inexperienced and sometimes almost non-existent jump crew caused the first day of the Show to go well into the second day before the last ribbon was pinned for Saturday's schedule. Powers of recuperation among Hunter-Jumper people are fantastic however, and everyone showed up for the Sunday performance, bright-eyed and bushy-tailed. Behe

### Mendon

One of this show's highlights is the Little Irish Perpetual Memorial Trophy Class for children's hunters and hunter hacks. It is held each year in memory of Miss Toddy Messler's show hunter who was killed when the Messler barn was destroyed by fire four years ago. Competition is always keen for this much coveted award and this year was no exception. Starry View, owned and ridden by Linda Saunders of Rochester, who won the event, had to outshine forty-four other entries who were all required to hack and go over the outside course as well.

The outside course here is designed to extract the best performance from a good hunter yet make no unnecessarily difficult demands. The result is a fair test for the horses and some very enjoyable hunter classes. Donna Kaufmann's Wait A While, the Champion, and Marcia Pierson's Mr. Lucky, who was Reserve, seemed to like the going for they both put in some spec-

tacular rounds.

THE CHRONICLE

vestigate. "Can you bring him under control?" he asked.

"Yes!" the Canadians chorused, with confidence they were far from feeling. Tara continued to rampage and the plane continued to shudder. The Canadians knew that another visit from the pilot might well mean Tara's death.

Suddenly Chris Hughes, one of the Major's (Colonel Baker's rank at the time) assistants and a veteran handler of horses, went into action. Nimbly he dodged Tara's flailing hoofs, grabbed his tail, and held it high aloft. Immediately the horse stopped kicking. In a desperate situation Hughes had remembered something he had seen as a boy in England. "When a horse kicked while being shod," he explained, "the blacksmith's apprentice would hold its tail up. It always worked."

What started as high tragedy ended in something close to low comedy. For the rest of the trans-Atlantic flight the team members took turns holding Tara's tail

TARA'S TAIL

Larry McGuinness, of a Toronto distilling firm of the same name, and the man who captained Canada's first jumping team entry in the 1952 Olympics, nearly lost his horse before it reached Stockholm in 1956, where he was again Canadian captain. The team's flight across the Atlantic in a chartered plane came close to ending in a bizarre equine tragedy. Thirteen thousand feet above the ocean McGuinness' horse, Tara, began to rear and kick. The big plane shuddered and shook alarmingly. The team members crowded around Tara's stall, but had to stay a respectful distance from the flying hoofs.

It was dismaying. Colonel Charles Baker, an advertising executive in Toronto and non-riding leader of the Canadian team, had been required to sign an agreement that the senior pilot could shoot the horse he judged to be endangering the

Presently the pilot came back to in-

GUESS WHO? (See In The Country)

### Chapel Hill

Chapel Hill was the 9th and last of the afternoon hack and horsemanship programs sponsored by the "Horse Sense" column of The Nashville Tennessean at Nashville area horse shows. So, at the end of this part of the show, sponsored otherwise by the Chapel Hill Lions Club, the winners of 1960 High Score Awards in the six "Horse Sense" sponsored divisions were established.

By winning the hack championship at Chapel Hill, Joan Mooney's versatile Red Bud cinched the champion pleasure hackany-breed title for the Nashville area, He earned 95 points to 67 for Wm. D. Haggard's Bold Minstrel, former U. S. Three Day Team horse.

Rita Bama won the Thoroughbred hack title for high school lass Cheryl Sherling, 95 points to 70 for Al-Abab owned by college lass, Doris Templeton.

Fire Lady topped Black Jack, 110 to 65, for the large pony hack award. Respective owners are Vicki Null and Lem Crosthwait, Jr.

Holly Anderson's Foxy Paws topped 52 inch pony hacks for the third straight year, 160 points this time to 95 for Joyce Logan's Ginger.

Equitation champion 13-18 is Ann Magli (14) with 74 points to Noel Anderson's 72. Ann Kerrigan and Holly Anderson ranked first and second in 12 and under equitation with 77 and 75 points respectively.

Awards throughout are challenge trophies. M.L.W.

### Southampton

The Southampton Horse Show was moved to a lovely, new show grounds overlooking the water this year. The two rings were separated from the outside course by a line of trees, which offered a natural viewing area for the spectators and also a splendid picnic spot for the luncheon respite.

Ralph Petersen's Gangster, who has long been the outstanding hunter on Long Island, added another working hunter title as well as the grand championship. With Althea Knickerbocker up, the bay gelding acquired 20 points in his division and 28 towards the grand award as opposed to 25 won by the jumper champion John Bell's owner-ridden McLain Street.

Celia Rumsey and her Bimbay also had an extraordinary day. Besides winning the green championship, the pair were reserve in the jumior and Miss Rumsey was reserve horsemanship champion. Horsemanship champion and winner of her third Medal was Sandy Rice while Francine Farkas' King Daly was the junior champion. Tanbark

### Alberta's 1960 1-Day Horse Trial

Effie Huppe

Once more (somel) riders and horses of Alberta, Canada, gathered at the Graham Ranch in Millarville to compete in the Three Phase Event. It was held in June, despite the fact that insufficient entries almost caused a cancellation. However, the "unofficial" trial, which still brought some visitors from Calgary, went off fairly well with only 8 riders participating and provided an enjoyable day.

In the dressage phase - which included several inexperienced riders who hardly knew what the word dressage means there were also a few riders and mounts

showing some co-ordination.

Mrs. Ray Ellard (Marg) of Calgary, a well-known judge at different horse shows in this province, gave the most adequate performance of this obedience test, called "Dressage". On the 3-yearold Thoroughbred Wintergreen (owner Graham Ranches), she took a clear lead, followed by Idaho, ridden by Mrs. Irving also of Calgary, who later was to win the Three Phase Event. That little, determined and controlled lady-rider Joan Irving is one of the few riders who takes the work and training of her horse seriously and enters such an event fully aware of the fact that it is not just a Sunday outing!

Compared to last year's high number of penalty points, this year's trial showed considerable improvement. Last year, 125.9 penalties (First: Royal Oaks, rider Doug McDonald) and 127.0 (Second: "Crystal Cortez, rider Miss Edith Rodie - see #4 The Chronicle, July 3rd, 1959); this year, Joan's 80.3 and Mrs. Ewen Graham (Nickie) with her horse Iron Man in a close second with 85.6 penalties, which proves that these riders have worked hard

since last year.

The second phase, Cross-Country, was enjoyed by participants and spectators alike. Twenty testing jumps, carefully built and placed over a distance of about 1.79

country phase at the Alberta Trials, country phase of the Alberta Trials,

Mrs. D. McDonald on ROYAL OAKS, at Alberta's (Can.) 1-Day Horse Trial.

miles, were taken by all riders with speed, hardly any refusals and much heart. Here are some of the obstacles: hay-rack; triangle-pen-jump; wash-out; jumps over fences down a steep bank into the river and crossing it (most horses never hesitated to plunge down into the water, which takes plenty of courage for riders and horses); dead-logs; fallen trees; snakefence; logs and following slides; downhill-gates; rustic fences; tank-traps; wagon-wheels; barb-wire; stone-wall (solid!) - in short, there was no lack of variety. (Neither was an ambulance neededl) This event, and later the Stadium Jumping, showed that Alberta's riders know how and love to jump and that their strength lies right there.

Night Out, the speedy Thoroughbred which competed last year, owned and ridden by Tommy Michael, presented himself in good form in this phase, although he did not quite make the grade. It was Iron Man, well ridden and controlled by his owner Mrs. Graham, which placed first, followed by Mrs. Irving on Idaho, also benefiting from an experienced ride. Bold Knight, that mighty 18-h.h. jumper, owned and ridden by Barnie Willans, really lived up to his name in Cross-Country, with the emphasis on "bold".

In the Stadium-Jumping Merry Mac,

B. Willans on BOLD KNIGHT in the cross- T. Michael on NIGHT OUT in the cross-

Mrs. Joan Irving on IDAGO, had the low score at Alberta's 1-Day Horse Trial.

under Mr. McDonald, placed first with a performance that was neat, energetic and fast, Bold Knight under Mr. Willans had lost much of his boldness, performing instead in well collected fashion and coming in second.

This trial's all over performance and time was better then last year's, and there were fewer penalties, except for the poor dressage tests (with the few above mentioned exceptions!) and the fact that only 8 riders participated, it could be considered a success. The only excuse for not having more entries is that several interested riders lacked suitable horses - they were there anyway, as spectators! There are also plenty of riders who have the right horses but just could not be bothered to come (or so it seemed), not realizing that such an event is The Event to prove they can - or could - do more. Travelling around horse shows to pick up ribbons is not the way to prepare horse or rider for a dressage test. A horse has no right to be in a dressage ring if it does not know how to respond to the aids of the riders' seat and legs, not to speak of riders who have never heard of such things. I have seen better performances by Pony Club members during their lessons then some grown-ups in their dressage test.

Another Three Phase Event is planned for the coming fall. It is hoped that in the meantime riders will work their horses intensively so as to go up one step of the ladder to success, meaning that they will be ready some day for a competition against equestrians outside Alberta's borders.

### Friday, September 2, 1960 British Hunting

Continued from Page 13

and using gates until hounds run. I liked the custom that the M.F.H. nominates, in turn, members of his field as "gatekeepers" with an armband distinguishing them as such. These persons follow behind to secure gates, repair holes in hedges and broken timber as best they can, and (what is most important) talk with farmers and report damages to the Secretary. Other members are responsible for certain areas. I heard a Master who was huntsman, one day say "Major, what a fine job you do on your bit of country, ride up with me, show me where to find a fox, and how to stay with him." Many farmers hunt themselves, many derive a livelihood from the sport, and many of the hunting people own large tracts of land. In some respects the Britisher has deferred facing the problem of wire, but most are beginning to attack it intelligently.

During and since the war other problems now faced in a hunting country are: fields of wheat and legumes; dwindling finances to keep up rides in the ever boggy coverts; the building of small bridges and the like. However, somehow they do tenaciously keep their hunting, not only going, but are improving their coun-

#### EVERYONE IN THE ACT

Everyone gets into the act in the Genessee Valley. A bakery man was buzzing down a dirt road in Geneseo, N.Y. when he saw a customer of his climbing over a fence. She told him that she had been assigned to watch a jump during the cross country phase of the Hideaway Stable Combined training event. There was some explanation as to what it was all about; the delivery man was very intrigued. So he sat among the biscuits and buns and watched the riders go by. For the rest of his route all the customers had cross country conversation right along with their cruellers.

Some of the Harris offsprings have unique sense of humor. They decided to hang appropriate signs placed at strategic points for the cross country phase of the Hideaway Stable Event. The signs and jumps were as follows; birch oxer over six foot trench, sign reading "Beware of Bear Trap"; log Trakehner over large ditch, "Beware of Snake Pit"; pink wooden gate, "Be careful of Red Gate"; coop with step jump following, "Hal You made it"! By having these signs scattered about, the rider could achieve both speed reading and riding.

### **Pony Club News**

To District Dommissioners, Regional Supervisors, all Officials -

Scores of the Sixth National Rally are on their way here for you, from Meadow Brook Hunt Pony Club, our wonderful hosts, and I will see if I can make a passable stencil, to send you a summer bulletin.

Here, first, is President Howard Fair's word - sent just before the Fairs took off for the Dublin Horse Show, a visit with the Cubitts, Olympic Games, etc.:

"It was a marvellous Rally from the point of view of extremely efficient Management, wonderful stabling, beautiful location; encouraging in that the Friedlaenders, who judged two years ago with the Fairs, and this year with the J. Tupper Coles, felt that the stable management (One club calls it 'Stablement' - lovely word -) had improved. Encouraging, also, were the written tests. The children's riding, however, seemed rough and uneven in the cross country and stadium jumping,

and the judges noticed the same in dressage. We are anxious to get to the bottom of this, and the National program is being carefully reconsidered with an eye to giving penalty and bonus points for a rough or smooth ride cross country; and a general briefing to D.C.'s and instructors, with a

It would be easy to go on and on about the Rally; but you will see the results on the score sheet. Once again, the C cup went back to the deep South, the extremely capable Midland Foxhounds team leaving no doubt as to their intentions from the start. Potomac was second, and Penobscot, from Bangor, Maine, a close third. Nine C teams altogether. Seven B teams. Again Wayne-DuPage Hunt took the B cup back to Illinois, with their perennial challengers, the Middle Tennessees, keeping them on their mettle. Mr. Stewart's Cheshire Foxhounds were third. Two of the teams had only three riding members, a

restatement of our aims."

### Silver Scuff

Grey conformation pony mare 14 hands - 6 years old by Sylvia's Comet out of Silver Heels. Welsh, Arab and Hackney breeding.

Won Model Pony Classes Loudoun Pony and Jr. Show, Warrenton Pony Show, Penna. Horse Breeders and Maryland Pony Show in 1956. Won Model Class at Richmond State Fair 1959, Local Pony Champion Loudoun Pony and Jr. Show 1959.

Alternate on U.S.A. Large Pony Team competing with Great Britain at the Garden, Nov. 1959,

Hunted quietly this winter.

This pony has lovely manners and disposition. Has been ridden by the same owner for the last 3 years, for showing, hunting and Pony Club work. She is quiet enough to be ridden by a beginner, but has had considerable dressage training and is therefore also suitable for an advanced rider.

- Absolutely sound. Outgrown by sad owner. -

Mrs. J. H. Symington "Temple Hall", Leesburg, Va.

Tel. Spring 7-1491

great handicap, and did a fine job nevertheless. These were Westchester County and Lakeville - one of Lakeville's ponies felt so lonely, in the handsome stalls of the old Harry Payne Whitney barn, that he determined he would climb out - and was calmed down only when he was allowed to stay, during the whole Rally, in the stall next door, with his team mate. It was fine to have nine A's and Associates competing, Stirlin Harris of Genesee Valley Hunt took the cup which General Mellon has given home with him, with Freddie McCashin and Carole MacNamara, both of Somerset Hills, hot on his heels. In this competition,

The Teela-Wooket Instructors' Course really repaid the enormous amount of hard work that had been put in on its organization by Dean Bedford, Sherman Haight, Arthur Hayden, and Fred Marsman, in particular. Forty-five candidates - from thirty Pony Clubs - were there, fourteen on scholarships; and good word has been coming in already of the help that they are

all five top places changed during the final

phase, the Stadium Jumping.

giving in their own Regions. A meeting of the Officers and Advisory Committee was held, the last night of the Rally. A difficult problem still is the upgrading, of C's to B's, and B's to A's. Since the Regional Supervisors are so familiar with their clubs, it was voted to place upon them the responsibility of asking for National Examiners. The system to be followed is the same - i.e., D.C's ask Regional Supervisors for an Examiner (instead of D.C.'s asking for one directly), the request is cleared through the National Secretary, and then the Chief of Examiners, who assigns the Examiner to the

Two more National Examiners, to give B tests, have been appointed: Erskine Bedford, Middleburg, Virginia; Mrs. H. Nelson Slater, Jr., Far Hills, New Jersey; and here is a new address for Mrs. John C. West - now Unionville, Chester County, Pennsylvania.

Regional Supervisor.

It was also voted that the upgrading of B's to A's follow the same procedure i.e., request to go from D.C. to Regional Supervisor - to National Secretary, then to Chief of Examiners - and that the administration of these tests remain in the hands of a very small group of Examiners.

New "Guide to Rules for Rallies" will be needed next spring, and Howard Fair and Hermann Friedlaender will be in charge of this revision. One of the points made will be that written tests for Regional Rallies must be submitted to a Test Committee, via National Headquarters, well previous to the Rally, and that it must be thoroughly understood that tests will be corrected by the same person or persons who wrote them. Another point is that judges for Regional Rallies must be cleared through National Headquarters.

There have been thirteen Regional Rallies this year - (one going on right now in Western Pennsylvania, and I hope it is not raining as hard as it is here) - and the

Friday, September 2, 1960

fourteenth, being small, was included in a larger one. That is a wonderful record, which is appearing in The Chronicle as

the reports come in.

of

It was voted to consolidate the two clubs in Illinois-Michigah and the four in Iowa - Missouri (Wayne-DuPage, Hawthorne Hills, Bridlespur, Mission Valley, Raccoon Valley, Rapid Creek), with Mrs. Corwith Hamill as Regional Supervisor, to make a larger and stronger Region in the midwest. It is interesting to see how the Regions change - four years ago, for instance, all New England and New York were together - now there are 12 N.E. clubs, 8 Upper Hudson-Northern Conn. ones, and 6 Lower Hudson-Southern Conn. ones, with three Regional Supervisors.

Next note - in "Fall Round-up" file: In September, the Regional Supervisors will be sent forms on which to return a report on each of their clubs - so have everything in order for them, D.C.'s! As you know, member clubs are asked to have an annual meeting between Oct. l and Nov. 30 (if they have not done so quite recently) so that their affairs may all be in order, and their officers properly listed, by the end of the year. In December the 'green sheet' will come to each D.C., to be returned to the National Secretary with membership list, and accompanied by a story of your club's year.

All of this is, of course, explained in the new blue Handbook which George Cole Scott so patiently edited. All clubs and officers have had copies. More can be obtained from National Headquarters, @ 50¢ each.

Three new Pony Clubs have been accepted and placed on registered status, as of July 1, 1960:

#98 - PIEDMONT (Virginia-Eastern North Carolina Region, George Cole Scott Reg. Sup.) D.C. - Mrs. W. H. G. Fuller, 1827 Arlington Street, Raleigh, North Carolina.

##99 - SEWICKLEY HUNT (Western Pennsylvania Region, Mrs. George Clement Reg. Sup) D. C. - Mrs. LeRoy Thompson, M.F.H., 424 Beaver Road, Sewickley, Pennsylvania; Sec. - Miss Sheila Lenehan, Box 334, Sewickley, Pennsylvania.

And #100 - MENDON (Upper Hudson-Northern Connecticut Region, Mrs. Gordon Auchincloss, R. D.) D.C. - Rufus Wesson, R. D. # 1, Honeoye Falls, New York; Sec. - Mrs. William D. Lotspeich, R. D. #2, Honeoye Falls, New York.

A few changes in District Commissioners. We will greatly miss those who have resigned, and all the cheerful and patient work they did; and we welcome the new ones, many of whom have been working for the Pony Clubs in other capacities for a long time.

Vashon Island - Mrs. J. E. Engstrom, Route 2, Box 148, Vashon, Washington, succeeds Mrs. L. R. Schorzmann. And this is, as far as we know, the only member club in which the boys outnumber the girls! Old Chatham - Mrs. Edgar H. Behrens is co-D.C., as well as Secretary, with Mrs. Cox.

Berks - Miss Angela Heizmann (ex Pony Clubber herself) has moved to New York, and Henry D. Coulton, 1319 Girard Avenue, Wyomissing, Pa., has joined Mrs. Overly as co-D.C.

Radnor Hunt - Mrs. E. Judson Griswold has resigned as co-D.C., and Mrs. Theodore R. Pugh, Jr. has joined Mrs. Lester T. Hundt as co-D.C.

Blue Grass - Mrs. J. D. Gordon has

resigned as co-D.C.
Norfolk Hunt - "Sister" Grew - Mrs.
John Grew - has resigned as co-D.C. of
Norfolk Hunt P.C. and Mrs. William H.
Paul will act as both Secretary and coD.C. with Mrs. Homer R. Overly, Jr.

What else? All of the clubs have paid their membership dues! Not all the Sustaining Members, yet; but we will give them another chance before dropping their names. We have had 162 new ones this year, and appreciate the help all of you have given in suggesting the names of interested people. Of course, we are always delighted to hear of more - so that the U.S.P.C. can continue to expand its program - scholarships, printed material, etc.

With thanks for all your wonderful and efficient help,

Alice Sherburn Reidy Secretary, U.S.P.C., Inc. for the Officers and Advisory Committee.

### "Young Entry Letters" No Mention Made

Dear Sirs,

I am a member of the Casanova-Warrenton Pony Club. In your July 22 issue I just read an article about the Middleburg Orange County Pony Club Rally, I received a red ribbon finishing second to Baby Doll in the stadium jumping. I have the ribbon to prove it.

> Sincerely, Miss Pat Harris Casanova Warrenton Pony Club

Warrenton, Virginia

Dear Sirs.

I am also a member of the Casanova-Warrenton Pony Club. In the August 5 issue I read an article concerning the Loudoun Pony and Junior Show. I received a first in the Pony Club Stadium Jumping and I have the ribbon to prove it, Please don't shut our Pony Club off because we are trying so very hard.

Sincerely, Miss Helen Calvert Casanova-Warrenton Pony Club

Warrenton, Virginia

### Casanova Hunt Pony & Junior

The Third Annual was the most successful one to date. A great deal of its success was due to Hunt Secretary Robert E. Palmer's idea of having some Pony Club Classes as well as our usual Show Classes. Mr. Palmer proved that he is equally as adept with Pony Clubbers as he is with running race meets. The Cross Country for "C" Clubbers was particularly well filled with 23 entries. As usual the show was held at Spring Hill, the home of Casanova's Joint Master and Mrs. Chas. H. Tompkins, Jr.

#### FIVE IN A ROW

For the fifth consecutive year the very large and beautiful Franklin Brooke Voss Memorial Trophy for working hunters at My Lady's Manor Horse Show, Monkton, Md., returned to the John D. Gadd household. In 1956 and 1957 Dr. Gadd's Atom Power ridden by son Sydney won the bowl. Then in 1958 & 1959 it was brought home by Dr. Gadd's step-daughter, Joannah Hall, riding her own Mini-Maid. This year Dr. Gadd won it again with his new young horse Gathering Storm, ridden by Sydney. "Storm" as he is known was bred by Mrs. Gadd in Pennsylvania - out of her old show mare, Carmaid, and is by Lloyd's. He was owned and broken by Joannah and acquired by Dr. Gadd when Joannah found college and a trip to Europe taking up all her free time.

Bill Briordy

In a twenty goal match at Meadow Brook, Jericho, L. I., Aug. 14, the Meadow Brook All Stars were turned back by the Blind Brook All Stars with a 7 to 3 victory. Pete Bostwick scored three times for the victors. Ylvisaker scored the first goal which was then tied by Dev Milburn Jr. in the first chukker. Vinnie Rizzo put Meadow Brook ahead in the second and gave Meadow Brook a lead which they never relinquished.

### Lancaster Polo

Sunday, August 14, the Lancaster Polo Club defeated the Pittsburgh Polo Club in a fast and fascinating game. Gilbert Miller's 50 foot shot in a sudden-death chukker enabled Lancaster Polo Club to score a 6-5 victory over Pittsburgh at Rothsville.

Ben Forney gained possession of the ball early in the two minute overtime session and passed up field to Miller, who lost the ball to Pittsburgh. Miller regained the ball a few seconds later and fired it into the goal from 50-feet out for the victory.

Miller scored three goals in a winning cause, while Forney had two and Jack Ehmer one, while Junior Turns played at defensive game, keeping down the scoring by the Pittsburgh team. Jim Watson picked up three goals for Pittsburgh, while Paul Powers and Glenn Tetamanza each accounted for one.

### THE CHRONICLE

### New York Polo

Bill Briordy

Meadow Brook squeaked to a 7 to 6 victory over Bethpage, August 21, on a goal by Frank Rice as the closing bell rang. Frank's goal was scored on a pass from Henry Lewis. Dave Rizzo scored five times for the victors; his goal with two and one half minutes of the sixth chukker remaining to play tied the score.

Joyn Gayer scored five times for the losers three of them were within five minutes of the opening play which put Bethpage in the lead until the fourth chukker. John Rice substituted for Fred Zeller who was injured when hit under the eye by a ball that rebounded from the goal made by Henry Lewis. Fred received a gash under his left eye.

The goal by Dave Rizzo which tied the score was a sixty yard angle shot.

yard drive. Pete Bostwick, the team captain, played fine offensive polo turning the play over to his teammates with Dev Milburn making fine defensive plays at the mouth of the goal.

Ylvisaker, the Blind Brook team captain, shared scoring honors with Pennell and Marenholz each scoring twice.

A long ball hitting contest was held between halves which was won by Dave Ellis.

Mrs. Ylvisaker presented the high scoring trophy for the Eastern Polo League Games to Pete Bostwick. Pete scored 32 goals in the seven league games that he played in.

The trophies were presented to The Meadow Brook All Stars by Lily Lodge, the daughter of John Cabot Lodge, United States Ambassador to Spain.

rights to put his team ahead, 8-7. Then Koch, who has been playing with the FHC "B" team, gave the home team a two-goal lead. Charlottesville never relinquished their advantage afterwards. Carl Barrett closed the fifth chukker with a mighty 50-yard bouncing drive that sliced through the posts pushing the figures up to 12-9. At the close of the final 7 1/2 minutes Farmington was leading, 13-10.

This victory, the first of the season in which Charlottesville gave the other club a handicap, improved the "A" team's summer record with six wins and only one defeat in regular indoor competition. Potomac 2 2 2 2 2 0 10 F.H.C. 3 2 1 3 3 1 13

Potomac: H. Cunningham 6; M. Cunningham 1; R. Rollins 1; pony 1; handicap 1. F.H.C.: H. Koch 4; D. Nicoll 3; H. Jones 3; C. Barrett 2; pony 1.

### Editorial

Continued from Page 2

end. The best thing we can do for the deer is to permit a great deal more hunting. It would eliminate the excess of population each year and leave the remaining deer in a healthier and more thriving condition

A second step in better manage-

ment of the deer population should be to maintain their ranges in a condition of maximum productivity, consistent with other uses of the land. Forage conditions for the deer can be improved with only slight modifications in forestry practices and in cattle grazing. A dollar spent on improving their food supply will often yield far more returns than the same dollar invested in some other form of protection.

As a result of biological research, deer management is evolving rapidly from a legal and quasi-political undertaking to an applied science, comparable to modern forestry or livestock management. A few decades hence the deer kill by hunters should be several times greater than it is today. The controlled and wellfed deer herds will then do much less damage to ranges and crops, and there will still be plenty of deer for the non-hunting public to see.

### Farmington Hunt Club Polo

Ed Lovern

A united team effort gave the Farmington Hunt Club polo team a 13-10 win over Potomac, Md., on August 19 in Charlottesville. It took a second-half rally for FHC riders to win the contest. The hard-fought game was tied six times in the first four chukkers as the riders matched each other point for point. Potomac, given an initial one-goal handicap, was able to recapture the lead only twice after the first minute of play. The Charlottesville squad jumped in front five times before the middle of period four. From then on it was their game as they outscored Potomac 7-4 in the second half.

Halter Cunningham, the hard-riding captain of the Maryland squad, earned high scoring honors with six goals. He picked up three of them on the number 4 penalty shots. Potomac's most effective offensive came in chukker three as Cunningham broke a 5-5 tie with a seemingly impossible corner shot from almost a 180 degree angle to the goal. The score was tied with a Charlottesville pony goal when the first half ended.

Mark Cunningham, the 13-year-old son of Halter Cunningham, opened period four with a quick goal to put Potomac back in front. It was their last time.

Henry Koch riding in the number one for Farmington opened up a one-man rally. Tying the score with a straight-in shot, he took the next toss-in to the up-

Apology

Dear Sir,

It is with pleasure, as well as apology, that I correct an error in my story on the Ottawa Valley Hunt branch of the Pony Club, which appeared on Page 39 of your July 29th issue.

The District Commissioner informs me that Miss Susan Petrie has not resigned from his Committee. This I am delighted to hear, for it is girls like Sue who are responsible for maintaining the high standards of Pony Club teaching, both in the hunting field and in competition, passing on their knowledge and high ideals of sportsmanship to the junior Pony Club members. We can ill afford to lose any of them.

> Yours sincerely. Barbara May Ottawa, Ontario

### "Jack Prestage Day"

Dear Jack:

Respectfully the Bethlehem Horse Show has designated this as "your day."

It is more than twenty years since our show ring has been honored by your presence, but our committee recalls with appreciation the part you had in our early

A horseman throughout your life our committee recalls that you came to the United States after World War I, in which you served with the Canadian Army - that you came to Watertown in 1931 as Huntsman to the Watertown Hunt under joint Masterships of the late Buell H. Heminway, Jr. and Dr. M. Heminway Merriman,

and that you continued in this capacity for mouth." Walter Howe.

We recall that from Calgary, Canada, you imported that fabulous jumping horse, Tipperary, which was to give your stable a name which has won national recognition. We remember, also, those other famous jumping horses, Easy Money, Fuchsia and Golden Eagle, who enhanced the fame of the Tipperary Stables.

We recall that while in Watertown with the aid of the late Dr. Andrew J. Jackson you conceived and founded the Professional Horsemen's Association of America. The slogan "May you never die until a dead horse kicks you" which you originated at that time is a part of the badges being worn at today's show.

We remember that you served with the U.S. Army in World War II and that with its end you transferred Tipperary Stables to their present location in Boyce, Virginia.

Your discernment and integrity as a horse show judge have earned you a reputation from coast-to-coast, Your contributions to the sport are known to all its followers.

That is why the Bethlehem Horse Show and the many friends who have helped have proclaimed our 22nd annual show "Jack Prestage Day."

Bethlehem Horse Show Frederick Hasler. Chairman

### G.M.H.A.

Dear Sir:

As a member of the Green Mountain Horse Association, who participates in some of the activities of the Association, and follows all others with keen interest. I would like to express my appreciation for the attention you have drawn to the wonderful training programs and horse events that have taken place in our pleasant valley during the past four years.

It has been during the past four years, whilst Mr. Roger T. Maher has acted as executive secretary of the G.M.H.A., that so many of these activities were planned and brought to a successful completion.

We, who wish to see improved horsemanship, good sportsmanship and a progressive attitude, owe him a debt of gratitude for his foresight, boundless enthusiasm and generosity of spirit.

Sincerely, (Mrs.) Peyton Wilmot South Woodstock, Vermont

### "Dry Mouth"

Dear Sir:

Everyone reads "the letters to the Editor" even if they miss getting around to all the articles. I only just got around to reading in the May 20th issue the article by Mr. John J. Walsh on Training Polo ponies. In it he made a statement that should be brought to the attention of all - "When a pony's mouth got dry, his work was eased up. When we get nervous our mouth goes dry. Also a horse's

The truth of this may be obvious but how many recognize it for themselves? Frequently when a horse gets excited or flustered the tendency is to keep going with it to work it down. Thus the horse is sustained in its excited state, little progress if any is made, and a bad mouth is usually the result. Surely this is the answer to why some hunters become snatchers or pullers or why some performance jumpers have had mouths and are at a loss to properly respond when faced with complicated courses.

> Sincerely yours. Adele Rockwell

Ontario, Canada

### Saratoga 'Chasing

Continued from Page 6

forced to take up, and lost whatever chance he had. Meanwhile. December forged to the front and bending into the front side appeared the probable winner. However, Walsh got into his mount pretty well going to the two hurdles in the stretch and the Charkitt horse responded well enough for him to draw away in the flat run to win by five. December was second six lengths in front of Hill Tie, with Out of Reach closing some ground to be fourth a length in front of the tiring Mystical Gem. Immediately after pulling up, Smithwick claimed foul against Walsh on the winner. After a careful review of the films, the Stewards disallowed the claim on the basis that the third horse from the rail, Mystical Gem, a stablemate of Hill Tie, had come over slightly on Walsh, who in turn came over on Smithwick and caused him to take

On Friday, August 26th, Mrs. June McKnight's \*Palladio, carrying her silks for the first time, proved the easiest kind of a winner, winning by fifteen lengths under Paddy Smithwick in a two and a sixteenth mile test for maiden hurdlers. In his previous outing, racing for the Meadow Stable of C. T. Chenery, \*Palladio appeared to be much the best, but was disqualified from first place for jumping in and interfering with the second horse over the last hurdle. Purchased for Mrs. McKnight shortly afterward, he ran and jumped well in his winning race, being held under stout restraint for a turn of the field, then moving easily to the front midway around and from that point was never seriously threatened, Square Circle, racing for owner-trainer, Barco Dumanian was next best some six lengths to the fore of Miss E. R. Sears' Auriate, with the early pacemaker, Prince Ringoes a well beaten fourth. Two falls marked the race, Laughing Girl at the third, with Christian Starke, and Balmacara at the eighth with John Kirtland. The latter was taken to the hospital with a possible shoulder injury.

4th Victory For Walshes

Final infield race of the Saratoga meeting Saturday, Aug. 27th, was The Houdini, named for a 'chaser owned by the late Jos. E. Widener some years ago, and quite apt for the day because of the slight of hand exercised by the Secretary's office in filling it. Rider Tommy Walsh and Trainer M. G. Walsh further distinguished themselves by teaming up for their fourth win of the week. Norman P. Bate's Lord Mike, a four-year-old and top weight of the field with 153 lbs., led practically all the way, withstood a closing bid from Guilford Dudley's Navy Fighter and scampered under the wire about two lengths on top. Six better hurdlers went postward and it was a pretty race to watch with the field running well bunched and all jumping well. Sanford Stud Farm's good three-year-old, New Hit, the public

choice, lay closest to the pace set by the Lord Putnam gelding, and while showing a good performance, was unable to get to the Walsh trained horse. Around the final turn he was overtaken by Navy Fighter, but held the show position safe from \*Esteco 2nd, which failed to show the form he had displayed a week earlier and was not a dangerous factor in the last quarter. Lord Mike was scoring his third victory of the year for Norman P. Bate. He raced the mile and three quarters in 3:06 3/5, almost three seconds off the course mark. It was interesting to note that the public supported this race extremely well, the pool exceeding \$110,000, which rarely happens more than once or twice during the meeting.

### AMERICA-BOUND JUVENILE DIES

After winning three of his four starts this season in England, the good twoyear-old colt Red Cardinal was sold to the C. R. Mac Stable in order to run at Arlington Park.

Taken to London Airport for enplaning for Chicago, Red Cardinal took fright as he was being loaded onto the plane and received such serious injuries that he died on the following day. A most impressive horse, Red Cardinal was by \*Solonaway.

### Friday, September 2, 1960 Racing Review

Continued from Page 4

of three starts in this country. \*Soldadesca had an unimpressive South American record and was almost destroyed on her plane flight to this country when she threw a fit.

Arlington Park

Arlington Park staged the 3rd running of the Abraham Lincoln Stakes, a "closed" race for 2-year-old colts and geldings, foaled in Illinois. An allowance stakes, it had a purse of \$25,000 added for a six furlongs run on Wed., Aug. 24.

Jockey J. Nichols rode the W. J. Schmidt-bred, trained and owned Forseen to a three parts of a length victory over Mrs. M. V. Landy's Whiz Spur. West Wind Farm's Baggabee, the favorite, was third and E. A. Dust's Mr. If was fourth, in the field of thirteen. The winning time was 1.12 over a fast track.

Forseen is a bay colt, by Prospectina Pensive horse, out of Dusty Darlin, by \*Knight's Caprice. The net value of the purse was \$20,820. Forseen went into the race with a maiden record which allowed him nine pounds. He was carrying 113 pounds, three under the highweights in the race. The best that Forseen could do in three previous starts was a second in a maiden special weight race, for which he received \$600. His victory paid his backers exactly twenty dollars for one.

Princess Pat (Wed., Aug. 24)

Arlington's 21st running of The Princess Pat Stakes drew twelve 2-year-old fillies which were vying for a \$50,000 added purse over a six furlongs route.

C. Clay's homebred Rose Bower won with dispatch, by two and one-half lengths, over F. W. Hooper's Bright Holly. Mr. Hooper's other entry My Portrait was third and R. C. Ellsworth's Regal Weather, fourth. The clockers picked up the winner in 1.09 4/5 for the 6 furlongs.

Rose Bower is a chestnut filly, by \*Princequillo out of the \*Nasrullah mare Lea Lane, trained by L. Gentry. Jockey J. L., Rotz was in the saddle. The winner received \$60,350 net for her run. It was her first stakes winning performance and third victory in four starts; she finished third in her other outing.

American Derby (Sat., Aug. 27)

The 50th running of The American Derby produced eight 3-year-olds, for the one and one-eighth miles allowance stakes with a purse of \$100,000 added.

Jockey J. Sellers rode out C. R. Mac Stable's favored T. V. Lark to wear down R. Lowe's New Policy for a three and one-quarter lengths victory. Mrs. M. Keim's Heroshogala was third and Jacnot Stable's Natego stuck his nose over the wire for fourth money. The winner equalled the track record of 1.47 1/5 for the 1 1/8 miles.

T. V. Lark is a bay colt by \*Indian

Hemp-Miss Larksfly, by Heelfly, bred by Dr. W. D. Lucas. P. K. Parker is the trainer. The wimmer picked up \$70,500 net for this one and now has the commanding bankroll of \$440,252 for his career.

Del Mar

Calif. Thoroughbred Breeders' Assn. Sales Stakes.

As can be deduced by the above title the race was for "bred in California" 2year-olds. It was a six furlongs \$10,000 added event.

Jockey E. Burns rode Mrs. A. Peppers' homebred Sullivan's Bud to defeat Big Smokey, ridden by J. Longden. D. Richardson was on the show horse, Novalook. The winner picked up \$6,325 and ran the six furlongs in 1.09 3/5.

Sullivan's Bud is by \*Sullivan out of High Venture, by \*Radiotherapy.

Del Mar Derby (Sat., Aug. 27) H. B. Keck's homebred Nagea, ridden by A. Maese took the measure of twelve, 3-year-olds in the Del Mar Derby Handicap to glean \$15,575 net, while running the one and one-eighth miles of the \$25, 000 added race in 1.47 3/5.

R. Mundorf rode Have Tux, the place horse and B. Frazier Djeddah Pat, the show horse.

Nagea is a chestnut son of \*Nasrullah-\*Hydrangea II, by Hyperion.

Continued from Page 3

If a victorious rider comes before the mike and says, "My mount exhibited a cachet that might have been greatness, as we surged to triumph," auditors are going to say, "Here's a kid that will go

Even that lad on the beaten favorite might employ an euphemism instead of a vulgarism.

Mr. Sellers has pointed the way; may others follow.

Two For Two

Miss Johanna, the artist lady who has gray-green eyes with a beautiful blue iridescence and who won her first and only wager, has taken another.

Unlike the first, which paid \$106 at the track but only \$42 under the arrangement Miss Johanna was playing, the second one brought her the full price.

What-a-Fit, a two-year-old as green as the un-gray part of Miss Johanna's eyes, is the property of the lady's landlord.

The colt started at Atlantic City, and Miss Johanna, like any 100 per cent winner, wisely laid off. The horse "showed nothing," to quote Trackman.

The next time out was Timonium, and like any experienced punter Miss Jo felt he would do better with a race under his helt.

He did. He won and paid \$11 - nothing like \$106, but this time she sent it to the track and got it all.

A girl with this kind of skill in one of the toughest games in existence is wasting her time smearing oil on canvas and framing other people's portraits.

### ABOUT STEEPLECHASING

John McN. Sullivan, an N.S. and H.A. Steward and Adjacent Hunts Chairman, reentered the ranks of owners recently when he purchased the three-year-old hurdler, Moonsun, while on a recent visit to Ireland. Moonsun was acquired by Sullivan a few days before he ran at Tramore, a seaside resort on the southern coast of Ireland. Besting a field of novice hurdlers in a race there, Sullivan plans to bring him to this Country for the Stoddard and the Elkridge, three-year-old fixtures at Belmont in October.

Bringing down the ire of the Stewards at Saratoga for crossing over and interfering with a horse around the final turn, Scott D. Riles drew a ten day suspension, the first penalty of the major track season in steeplechasing.

Following an N.S. and H.A. Members meeting at Saratoga in mid August, a Promotion Committee has been appointed to study possible avenues of increasing interest in the jumping sport, both by the general public and by adding new owners, trainers and horses to the game.

During the final week of the meeting at Saratoga, Mrs. Ogden Phipps' champion fencer, Neji came out for a public school in the afternoon with Miss Mary Rumsey's \*Romeo. Both are being pointed for Aqueduct's Harbor Hill Steeplechase. Neji, now a ten-year-old, impressed observers by his splendid appearance, and while not asked for much speed in the work, gave evidence of being the one to beat in coming races.

Early indications point to a larger number of timber prospects for the fall races than has been the case in recent

The Essex meeting at Far Hills, N. J., has restored the Gladstone, a six furlong turf test, to their program for the 24th of September. The purse of \$1,000 brings this race into the upper brackets for hunt racing.

Mrs. Ginevra Chandler, M. F. H. of Mill Creek Hunt, Wadsworth, Ill., was married in July to Mr. Rutledge Bermingham, Jr. of Rye, N. Y. The couple will be living in Chicago, where Mr. Bermingham is employed and Mrs. Bermingham will continue as Master of the Mill Creek M.R. Humt

### THE PLATINUM KING

C. W. Engelhard of Far Hills, N. J., otherwise known as "The Platinum King" was a new buyer at the Fasig-Tipton Company's Saratoga Yearling Sales. He made a number of purchases on the advice of David McCall of the London Bloodstock Agency including the chestnut son of Nashua out of Misdemeanor by Court Martial consigned by the Mereworth Farm for which he paid \$55,000. Mr. Engelhard has raced for a number of years in South . Africa where he currently campaigns about a dozen horses. He also has six 2year-olds in training in England. E. Barry Ryan will train his horses in this country.

#### BLANCHARD'S STEEPLECHASE PROSPECT

During the bloodstock sales held during Dublin Horse Show week, American Peter Blanchard, on the Caronia cruise, happened into the sales ring and liked the look of a gelding by Mazarin out of Rouge Girl which comes from a good jumping family. He was the high bidder at just under \$10,000.H. Robertson Fenwick, M.F.H. of the Green Spring Valley Hunt (Maryland), and his wife, who trained the 1959 winner of the Maryland Hunt Cup, were also at the Dublin show and will probably train the 5-year-old Mazarin when he arrives in this country.

#### ON THE SHELVES

The National Sporting Library of Middleburg, Va., has added "The Old Days With Horse and Hound" by Samuel J. Henry and "Fred Burlew Turfman" to its shelves. The pamphlet form books were presented to the library by this publica-M.R. tion.

### MEXICAN COMPETITION

Patricia Villasenor was the youngest horsewoman competing in obstacle hurdles in the "Minors" division in recent competitions sponsored by the French Equestrian Club, in Mexico City. The young lady is scarcely 10, and she placed fifth, despite having made a clean run. However, her time was slow, and she was penalized.

The juvenile event, a popular fixture here, saw Enrique de las Heras, 14, as winner with a time of 52.5 seconds. His mount, "Querie" made a magnificent showing in two passes over the course.

Thirteen youngsters competed in the trials but de las Heras was top in form, followed closely by Tomas Reich who made a time of 57 seconds. The other competitors trailed.

In the adult division Team 3, made up of riders of the Department of National Defense, took the "Enrique Tron" trophy. Team included Eduardo Higaredo Usi on "Primero"; Jorge Perez Resendiz with "Reyano" and Ruben Uriza on "Perioco."

Higardo Usi and Perez Resendiz won the team events, registering no faults over a course dotted with 12 obstacles, with the highest being 2 metres high (6.56 feet). Uriza, third rider of the team, was eliminated in his first pass over the

### ARGENTINE HORSE PICTURE

Writing in a recent issue of the British publication "Horse and Hound", Major George Couper quotes a letter recently received from his brother, who operates the Estancia Los Arigos in Argentina. The latter says:-"There has been quite an outcry here about the slaughtering of horses for meat, as undoubtedly there are not nearly the number of either heavy or light horses that there were formerly.

"I must say we seldom use a draught horse now, except for odd jobs such as cutting the lawn. It's quicker to hitch up the Ferguson. But I cannot see how we shall ever do without the riding horse, which is irreplaceable by machinery.

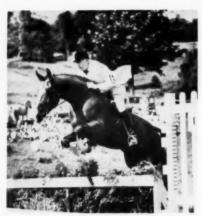

"The Army, who still have a number of mounted Regiments, are quite worried as they have difficulty in getting remounts, and I must say it's quite a job to find a decent riding horse round here, irrespective of price."

IROQUOIS HORSE SHOW & BARBECUE
The Iroquois Hunt of Lexington, Ky.,

will hold its annual Horse Show & Barbecue on Saturday, October 1st on the farm of W. F. Pursley, Jt.-Master. This event is held in honor of the farmers over whose land the Iroquois hunts.

### CUB HUNTING DELAYED

Mrs. Charles F. Harding, Honorary Whipper-in of the Mill Creek (Illinois) Hunt writes that the hunt has to content itself with the exercising of hounds, as Mill Creek's cub hunting had to be delayed, due to the late planting of so many crops. Hunt activities will start after the crops are harvested.

M.R.

### BENEFIT RACE MEET

The annual Fair Hill race meet to be held on Saturdays, September 10th and 17th over the estate of William duPont, Jr., for the benefit of the Union Hospital, Elkton, Maryland, will card six races for each of the two Saturdays. Pari-Mutuel betting will prevail, and veteran Delaware Park Mutuels manager, E. I. (Jim) Langford will be in charge of the machines. Other Delaware Park personnel who are collaborating with Mr. duPont are Bryan Field, General Manager; Helen Stairwalt, his assistant; and Clark Pardee, Track Superintendent. The daily double will be on the first two races.

In addition to the horse races in the afternoons, there will be a cattle show on the morning of the 10th, and a horse show on the morning of the 17th. Miss Patricia duPont of nearby Elkton, Maryland, again will be active in the horse show, especially the pony and rodeo classes.

Miss Mildrede E. M. Pike, Secretary of the Cecil County Breeders' Fair, under whose general auspices the two days of sport are conducted, has charge of the box and seat reservations.

M.R.

### BUSINESS "SETBACK"

Texas racing enthusiasts, who sometimes regard the Fair Grounds as Texas' own, are already showing interest in the forthcoming meeting. One of Texas' foremost patrons wrote Gar Moore, general manager, to ascertain if there'd be racing at the New Orleans' track on Monday, Dec. 5. "I've got business in New Orleans early in the month of December, but if your track is dark on that Monday I will set back my business project" he wrote Moore.

B.B.

### ON THE MEND

W. R. (Jack) Jarvis, veteran horseman, who has been ailing at his home in Arlington, Texas, and O. L. Foster, another old time owner-trainer, currently bedded at the Watson Memorial home in Fort Worth, are reported to be on the mend. Jarvis had surgery at a Dallas hospital. Foster suffered a stroke last December. Both O. L. and Jarvis are waging gallant battles against their ailments.

B.B.

### SETTLED IN CALIFORNIA

Captain Erland Nelson (formerly Ryttmastare, Swedish Cavalry) has now settled in Woodside, California, where he is specialising in the training of dressage horses and riders.

An enthusiastic member of the Board of Governors of the United States Combined Training Association, Captain Nelson has himself been a 3-Day Event rider in Europe, and maintains his interest in this branch of Olympic riding.

Currently studying with Captain Nelson is Miss Patty Somers on her imported Irish hunter "Irish Fire." Miss Somers, who started her riding career with Miss Trish Galvin in Woodside under the instruction of Mr. V. T. Miloradovitch, has just returned from two years at school in Rome, where she was training with the Italian jumping team.

Miss Kay Von Tress of Philadelphia while teaching junior riders in California, is continuing her instruction under Captain Nelson's guidance, Miss Von Tress, who in her junior years was a successful contestant at Madison Square Gardens and other big Eastern Shows in the Childrens Hunter Classes, hopes to enter the field of Combined Training and Three Day Events during 1961. Olympic View

#### EYE-OPENER

A groom at Aqueduct was kicked by a horse, and was taken to the trackhospital, from which a call went out for Dr. Alexander Kaye.

The surgeon responded immediately. An examination revealed a rupture of a kidney, and Dr. Kaye decided to operate. When he left his patient's side that evening, Dr. Kaye was not enthusiastic about the man's condition. "He was pale and not doing well at all."

When Dr. Kaye visited his patient again the next morning, the man opened his eyes and inquired about a horse he had wagered on the previous afternoon. Dr. Kaye assured him that the horse had won, paying \$87.

"Are those tickets still in my pocket?"
the groom asked. "Then go cash 'em,
Doc, and by the way, how are my chances
in this whole thing?" (The Blood Horse)
